## SOFT SKILLS

- Teamwork
- Time Management
- Leadership
- Effective Communication
- Critical Thinking

## TECH SKILLS

- Python (Intermediate)
- Java (Intermediate)
- MySQL
- C(Intermediate)
- Web Development

## LANGUAGES

- English (Fluent)
- Malayalam(Fluent)
- Hindi(Basic)

## PROFILE

I am an aspiring AI engineer, whose very much fascinated to bring a revolutionary change in the AI domain. I've got a way putting in both hard work as well as smart work to bring out the best in me. I can be entrusted with all the tasks and projects and I assure that it shall be done in time with precision and accuracy.

## EDUCATION

<b>10th</b>	2022
Chavara International Academy	
<b>12th</b>	2024
Nirmala Public School	
<b>B.tech(Computer Science)</b>	2024-2028
Karunya Institute of Technology	

## PROJECTS

**Progress Bar, Guessing game** DEC 2024

I had the privilege of working on these two projects which brought a comprehensive understanding of C language. I had the chance to explore the various libraries in C, the different ways it can be exploited to bring out efficient

**Technologies Used:** C language and its various libraries

## ACHIEVEMENTS

Performed seemingly well in my 10th board exams and had scored above 90%. Fortunately, I was able to repeat the same in my 12th class, but improving this time.

I was also able to score 91 percentile in JEE exams after a tireless amount of work. Moreover in my 12th, I had the chance to participate in an ideathon wherein I presented an idea to effectively purify water.
